FUNDRAISER

Sandra Jordan of the Jordan Winery and creator of the **Sandra Jordan Collection** recently joined Brenda M. Lopez-Ibanez, owner of South Miami's House and Paper boutique and Amy Sussman, president of the Junior League of Miami, to personally introduce her new Art of Decanting ensemble.

The private, invitation-only wine event at the Coral Gables home of Ken and Amy Sussman raised nearly \$5,000 to benefit the Junior League of Miami Foundation.

The boutique is at 5823 Sunset Dr. House and Paper is carrying the ensemble by Jordan exclusively in South Florida.

While learning about the history and value of decanting, guests had an opportunity to taste Jordan Winery's top vintages from the winery in California's Russian River Valley.
