A SHINY NEW VINTAGE

As creative director of Sonoma's Jordan Winery, founded by her husband, Tom, in 1972, Sandra Jordan has been in a good position to scoop up some glorious antique wine accessories over the years. Now her finds have inspired the **SANDRA JORDA COLLECTION**. Designed for oenophiles, the line includes these three handmade sterling-silver pieces (from left): Windsor decanting funnel (\$425); Alexander Valley deep wine coaster (\$420); Petaluma tasting cup (\$225), with a raised center to better display the wine's color. sandrajordan.com.
